ABC&F DAYS

Unfortunately riders numbers attending our playdays have dwindled and we are looking for fresh ideas to keep our play days going.

If you would be interested in having an instruction day (with a qualified instructor), jumping day, gymkhana activities or a basics to dressage day for those who are just getting into dressage. Please let us know and we will organise it.

These are just examples of what we could do if you have any ideas we are open to suggestions.

Playdays are the perfect opportunity to get involved in dressage, meet people with like interests and if you or your horse are not that confident out, this is a great place to build that confidence without any pressure.
